Disinfecting Wipes

K-QUAT 4 - RTU kills COVID-19 virus in minutes*

Just open the box, pour in our K-QUAT 4 - RTU solution, and boom – you’ve got disinfecting wipes ready to use.

This system comes with two (2) rolls of wipes (550 total), two (2) 32 oz. bottles of K-QUAT 4 - RTU and one (1) Reusable bucket.

- Kills 99.9% of germs that can live on surfaces for up to 48 hours
- Kills 99.9% of viruses† and bacteria
- Kills Staph, E. coli, Salmonella, Strep
- Prevents bacteria‡ growth for up to 24 hours

* Kills SARS-CoV-2 on hard, nonporous surfaces. Use as directed for other germs.

† Human Coronavirus, Influenza A2 Virus

‡ odor-causing bacteria

Refills

FOR DISINFECTING WIPES SYSTEM

Refills come with:

- Four (4) rolls of wipes (1100 total)
- Four (4) 32 oz. bottles of K-QUAT 4 - RTU

ALL ROADS LEAD TO CLEAN.

At C K, we believe Clean is a destination.

Every product we make and every person we employ understands that no matter the mess, we've got a product that can clean it. For us, Clean is the place everyone wants to be.

Luckily for us, our founder Charlie Kunkel III discovered how to get there over 40 years ago, and has been guiding others to the promised land ever since.

Whether it's through private labeling our products, offering quality car wash soaps and detergents, cleaning food plants, or printing labels, signs, and marketing materials, Charlie has always done things one way: **right**.

From the beginning, he's put his people first, believing that the way you treat people is the only true thing that matters.

That philosophy turned C K Enterprises Inc. from one man and a mixing tank to a 133,000 square foot campus, employing over 350 people across the United States, blending around 100,000 lbs of chemicals every week, and printing over 2,000,000 labels per year.

Come to Clean with us.

There's plenty of room and it always smells great.

CK Enterprises Inc.

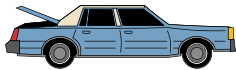

1984 Office
463 E. Oldham Pkwy
Lee's Summit, Missouri

Origin

A Midwest chemical salesman, Charlie Kunkel III, quits his job to start selling and renting his own custom-made power washers out of his garage. He also offers cleaning services to industrial businesses in the Kansas City Metro area.

Movin' on Up

By the Spring of 1983, Charlie finally had enough consistent revenue to get an office. He moved in with four employees, a truck and a trailer with a custom built pressure washer.

Advancement

7 EMPLOYEES

An influx of chemical sales allows the company to move to a bigger location down the street. The company hires its 5th, 6th 7th employees.

SPRING
1983

FALL
1983

1984

1985-1990

Planting Seeds

Charlie installs a pressurized cleaning system for Federal Express using the knowledge he gained from building his first power washer. It worked so well other Federal Express locations request it.

This consistent stream of revenue quickly allows Charlie to hire a few employees and find his first office building.

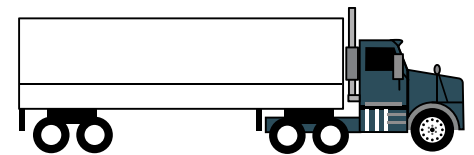

Opportunity

The company was missing out on revenue—they were using their machines to clean for clients, but were using competitors' cleaning products. They develop their first cleaning product and started selling it.

Progress

Production doubles with the addition of two new salesmen, a new box truck, a loading dock, and warehouse employees. With production growing at steady pace, the company purchases their first semi-truck.

Current Headquarters
1992 NW HWY 50
Lone Jack, MO 64070

New Energy

The company hires Charles Kunkel the IV and Ed Schneider to help grow the business. Their new and eager energy helps the company reach \$6 million dollars in sales by the turn of the century.

Ed Schneider

Charles Kunkel IV

Development

The company launches the C K Car Wash division creating the Signature Series product line, targeting national car wash distributors. As it stands today, the company supplies products to over 500 car washes across the world.

New Home

After seeing steady growth each year, C K quickly outgrows the Lee's Summit plant.

In 2018, they move to a 133,000 square foot campus on 25 acres located in Lone Jack, Missouri. It holds 5 warehouses, a chemistry lab, a main office building, and a maintenance building. C K now employs 250 people full-time.

1991-2001

2002-2010

2011

2016

2018

2021

Expansion

The company expands the private labeling division—lead by Steve Kimball, a long-time chemistry consultant and now the full-time Chief Chemist for C K Enterprises. Surpassing 75 full-time employees, the company moves to a new 73,800 sq ft. facility located in Lee's Summit.

Investment

The company hires Larry LaMarr, a former Director of Sales at Zep, to lead the new Industrial Division. Larry helps them develop a new national product line. The company reaches 150 employees.

Elevation

The company hits 350 full-time employees.

With 25 acres to fill up, there's still plenty of room to grow.

GENERAL AEROSOL CLEANERS

Chuck

C K Maintenance circa 1984

All of our cleaning products are proudly made in the U.S.A.

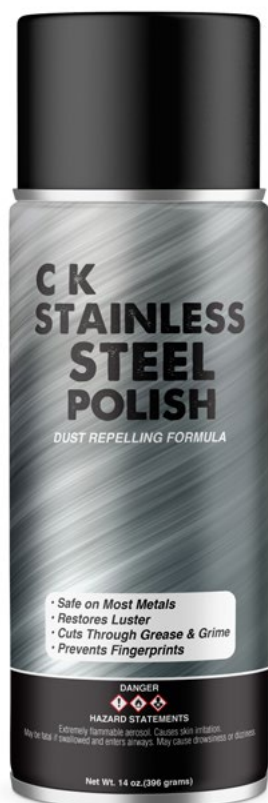

CK 4.0

ALL-PURPOSE INDUSTRIAL CLEANER

CK 4.0 is a thick foam cleaner that lifts away the toughest soils. It is ideal for cleaning windows, mirrors, wind shields, and showcases. CK 4.0 does not contain ammonia and will not cause build-up on surfaces.

- Superior Cleaning Action
- Effectively Removes Grease & Oil
- Dries Streak Free
- Works on Multi-Surfaces

PRODUCT #	6931-A20
VOC Content:	10%
Size:	20 oz.

CK Stainless Steel Polish

DUST-REPELLING STAINLESS STEEL POLISH

Safely cleans and polishes a variety of metals in one easy application. It's safe for use in areas that come into contact with food. Helps restore original luster. Prevents finger-marking and rapid resoiling. Cuts through grease without harming surface. For use on aluminum, brass, copper, zinc, iron, and silver.

- Prevents Fingerprints
- Cuts Through Grease & Grime
- Restores Luster
- Safe on Most Metals

PRODUCT #	6934
VOC Content:	29.5%
Size:	20 oz.

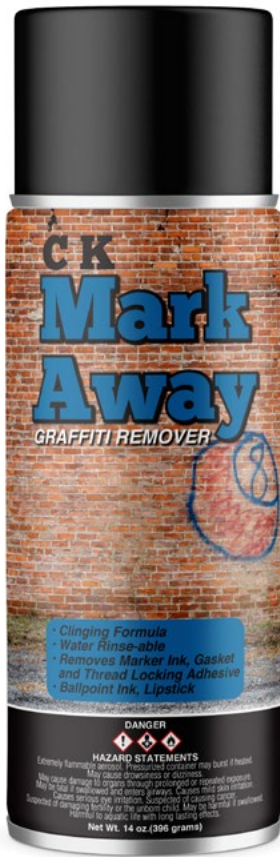

CK Glass & Mirror Cleaner

GLASS AND MIRROR CLEANER

Cuts through the toughest dirt with little effort. Use on windows, mirrors, wind shields and showcases. Provides a fast drying and non-streaking finish. Contains ammonia.

- Rich Foam Clings to Vertical Surface
- Ammoniated Formula Technology
- Cleans and Shines

PRODUCT #	6932
VOC Content:	9.35%
Size:	20 oz.

CK Mark Away

INDUSTRIAL SURFACE CLEANER

Clinging gel that stays put on vertical surfaces. Removes lipstick, ballpoint markers, printing inks, spray paints, adhesives, and crayon from most porous and non-porous surfaces. Test on an inconspicuous area prior to use for color-fastness.

- Graffiti Remover
- Clinging Formula
- Water Rinse-able
- Removes Marker Ink, Gasket, & Thread Locking Adhesive
- Removes Ballpoint Ink & Lipstick

PRODUCT #	6880
VOC Content:	47.0%
Size:	20 oz.

CK Power Cling

FOAMING STRIPPER/CLEANER

Heavy-duty stripper/cleaner for removing soil and wax build-up on baseboards, ceramic tiles and hard-to-reach areas. Contains a superior heavy-duty clinging foam, thus stays in contact longer on vertical surfaces.

- New Super-Concentrated Formula
- Clings to Vertical Surfaces
- Effective on all Waxes and Finishes

PRODUCT #	6851
VOC Content:	20.0%
Size:	20 oz.

CK Shine

PREMIUM FURNITURE POLISH

CK Shine feeds and nourishes wood, deepening the natural beauty of the surface.

It is an ideal product for fine woods, marble, plastic laminates and fiberglass.

- Fortified with Carnuba Wax, Beeswax and Lemon Oil
- Cream Waxed Luster with Each Application
- Cleans, Polishes and Protects

PRODUCT #	6852
VOC Content:	16.8%
Size:	20 oz.

CK Make Over

HEAVY-DUTY FOAMING CLEANER/DEGREASER

This all-purpose, industrial strength cleaner and degreaser clings to, penetrates, and emulsifies all washable surfaces.

- Fast-acting Clinging Foam
- Lifts Away Dirt & Grime
- Surfaces Like New
- Smells Fantastic

PRODUCT #	6853
VOC Content:	8.0%
Size:	20 oz.

AEROSOL LUBRICANTS

Tammy
*Receptionist
Circa 1983*

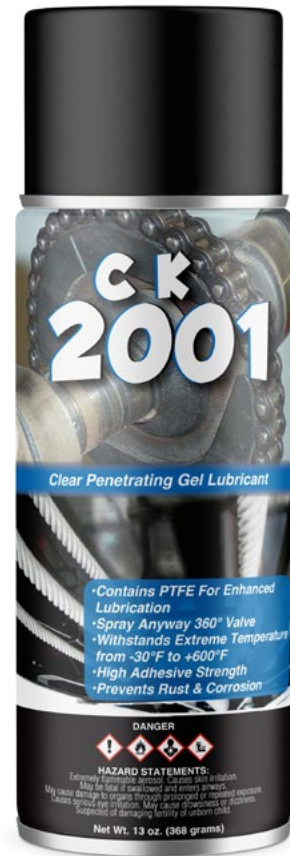

CK 2000

HEAVY-DUTY, CLEAN, PENETRATING GREASE

CK 2000 is a clear, long-lasting lubricant formulated with high adhesive molecules that not only provide stronger lubrication but also help prevent rust and corrosion.

It's used to lubricate door hinges, open gears, wire ropes and cables, chains, sprockets, conveyors and much more. CK 2000 adheres to the surface and resists throw-off and squeeze-out under extreme pressure, vibrations, or repeated impact. It provides maximum penetration into tight areas and evaporates quickly for rapid set-up of grease. CK 2000 has a temperature range of -30°F to 600°F. Spray anyway; 360 degree valve.

PRODUCT #	6007
VOC Content:	16.8%
Size:	20 oz.

CK 2001

CLEAR PENETRATING GEL LUBRICANT

CK 2001 provides excellent lubrication on hinges, latches, open gears, wire ropes, cables, chains, conveyors & much more. It withstands extreme pressure while easily penetrating tight areas by initially going on thin, then immediately forming a thick, durable film.

- Contains PTFE for Enhanced Lubrication
- Spray Anyway 360° Valve
- Withstands Extreme Temperature from -30°F to +600°F
- High Adhesive Strength
- Prevents Rust & Corrosion

PRODUCT #	6871
VOC Content:	8.0%
Size:	20 oz.

Use on anything that slips, slides, rubs, rolls, moves, turns, twists, or pivots.

CK 45

PENETRATING LUBRICANT CONTAINING PTFE

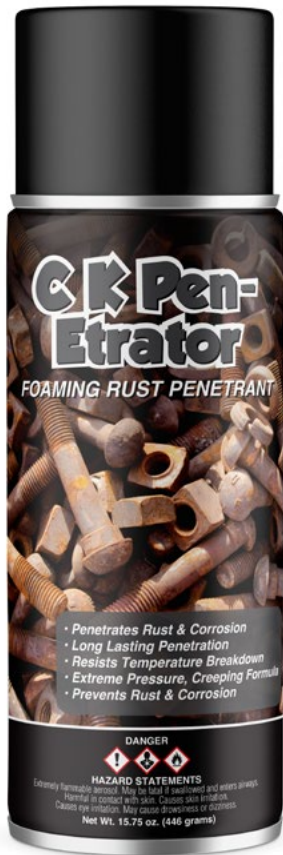

CK 45 works great on industrial machines, business machines, motor shafts, guns, sports equipment, shop tools, saws, drills, electric motors, vending machines, locks, hinges, roller bearings, conveyors, pulleys, nuts, bolts, and all rusted corroded parts.

CK 45 is fortified with friction-reducing substances designed to rapidly penetrate and loosen frozen parts caused by heavy wear, grease, or grime build-up.

Its micron-sized particles of PTFE lay down a protective mesh film like hundreds of tiny ball bearings working side by side to dramatically reduce friction, prevent corrosion, and prolong the life of machinery.

CK 45 is also effective over a wide temperature range and does not contain 1,1,1, Trichlorethane.

PRODUCT #	6004
VOC Content:	43.1%
Size:	20 oz.

CK Pen-Etrator

FOAMING RUST PENETRATOR

CK Pen-Etrator is a fast-acting, multi-purpose penetrant that loosens tough rust and corrosion to free frozen parts, creeping between mated parts for faster action. It's also a protectant, lubricant, moisture displacer, corrosion preventive, and cleaner. *Contains graphite.

- Prevents Rust & Corrosion
- Long-lasting Penetration
- Resists Temperature Breakdown
- Extreme Pressure Tested
- Unique Creeping Formula

PRODUCT #	6007
VOC Content:	16.8%
Size:	20 oz.

Food Grade Sanitary Spray

MULTI-PURPOSE FOOD GRADE LUBRICANT

Food Grade Sanitary Spray is an excellent multi-purpose lubricant for spraying on rollers, rings, slides, pistons, grid belts, conveyor parts, seals, chains, cables, bolts, and hinges. It loosens locked, rusted, and eroded threads and bolts. It also protects against the damaging effects of moisture and decay many food plants and food assembly lines face.

- Non-Chlorinated
- Loosens Nuts & Bolts
- Prevents Sticking
- Long-lasting

PRODUCT #	6868
VOC Content:	8.0%
Size:	20 oz.

Ideal on vertical and overhead surfaces.

C K Red & Redi Grease

RED GEL LUBRICANT

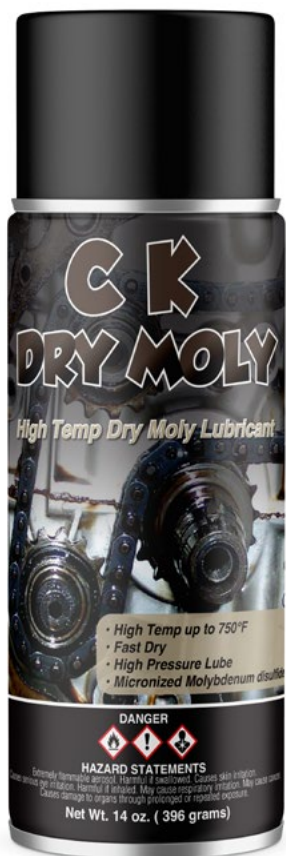

C K Red & Redi Grease is a thin red gel that immediately clings and penetrates, making it ideal for lubricating vertical and overhead surfaces.

It sprays thin, penetrating deep into the surface, then dries thick to prevent water and solvent wash-out.

C K Red and Redi Grease has corrosion inhibitors, making it great in extreme pressure and temperature situations (stable from -40°F to 575°F).

It's USDA and H2 applicable.

PRODUCT #	6865
VOC Content:	43.1%
Size:	20 oz.

CK Dry Moly

HEAVY-DUTY, CLEAN, PENETRATING GREASE

CK Dry Moly is a dry-film lubricant use in situations with drastic pressure and temperatures (-28°F to 600°F).

It packs micro-sized molybdenum disulfide that protects metal surfaces from rusting and corrosion.

Any surface treated with CK Dry Moly will withstand water, oil, alkali, and most acids. It also reduces metal-to-metal contact on highly-machined surfaces. Its a convenient, long-lasting aerosol that sprays a thin, black coating that adheres and dries within seconds.

PRODUCT #	6878
VOC Content:	47.0%
Size:	12 oz.

CK Preserve

HEAVY-DUTY CORROSION PREVENTER

CK Preserve is used on wet electrical systems, frozen nuts and bolts, squeaking metal parts, and mechanical linkages.

It's a lubricant that dries wet electrical and ignition systems, penetrating and loosening frozen nuts and bolts. It also prevents rust on metal surfaces and makes assembly and disassembly of machinery much easier.

CK Preserve is an excellent all-purpose lubricant.

PRODUCT #	6869
VOC Content:	20.0%
Size:	20 oz.

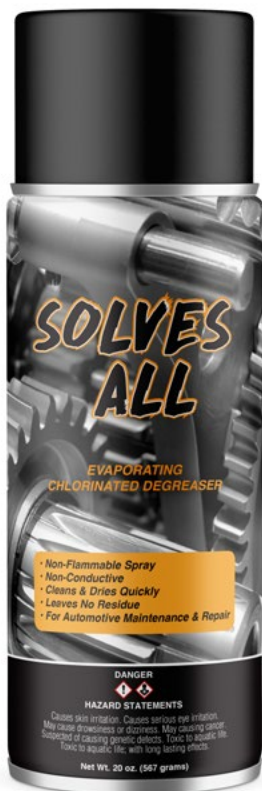

AEROSOL DEGREASERS

Debbie

*Customer Service/AR Manager
At CK since 2002*

Solves All

EVAPORATING CHLORINE DEGREASER

Solves All removes dirt, grease, and grime from engines and mechanical parts.

It can be used on electric motors (even while running), ignition systems, generators, pumps, fans, relays, etc. Just spray on, let set for a minute, then wipe off or rinse with a second spray.

An excellent replacement in applications where 1,1,1 Trichloroethane has traditionally been used.

PRODUCT #	6880
VOC Content:	47.0%
Size:	20 oz.

Orange Blast

HEAVY-DUTY CITRUS DEGREASER

Orange Blast is used to clean and degrease molds, dies, and a multitude of industrial equipment. It effectively emulsifies tar and asphalt, dissolving many industrial adhesives and protective coatings such as tape and decal residues.

It's heavy-duty, 100% natural, and completely biodegradable. Orange Blast contains zero fluorocarbons (the stuff that destroys the ozone layer). It also has no caustics, petroleum distillates, or chlorinated aromatic solvents.

PRODUCT #	6861
VOC Content:	20.0%
Size:	20 oz.

Cleans fast, evaporates quickly leaving no residue.

K Red

FAST EVAPORATING INDUSTRIAL DEGREASER

K Red has a non-emulsifying formula that cleans fast and evaporates quickly, leaving behind no visible residue.

It's perfect for removing unwanted oil, grease, dirt, lubricants, tar, and more from circuit boards, electrical contacts, electric motors, machinery parts, electronic equipment, molds, textiles, etc.

Additionally, there is no methylene chloride or perchloroethylene in K Red which means it is non-corrosive to metals and safe for use on plastic.

K Red provides an excellent alternative to ozone depleting compounds, such as 1,1,1 Trichloroethane and CFCs.

PRODUCT #	6872
VOC Content:	20.0%
Size:	20 oz.

CK Power Solv

SOLVENT DEGREASER/BRAKE PARTS CLEANER

C K Power Solv instantly removes oil, grease, brake fluid, asbestos dust, and other soils from brake parts. It cleans and dries quickly, contains no water, and leaves no residue behind. It dries ignition parts and cleans contact points in seconds.

In addition to brake parts, C K Power Solv is used on diesel and internal combustion engines, marine motors, power tools, refrigeration equipment, and air conditioning equipment. It is non-flammable and nonconductive.

PRODUCT #	6866
VOC Content:	47.0%
Size:	20 oz.

CK 65xHD

FOAMING CITRUS CLEANER

If you are looking for something that cleans hard and smells great, look no further.

C K 65xHD is a multi-purpose, foaming degreaser that applies a visible, quick-breaking foam to penetrate and lift hard-to-remove grease and soils from a variety of surfaces.

PRODUCT #	6848
VOC Content:	20.0%
Size:	20 oz.

CK Ice Melt

FAST-ACTING ICE REMOVER

CK Ice Melt is a fast-acting frost and ice remover specifically formulated to quickly dissolve ice, frost and snow deposits in seconds.

Use it to unfreeze windows, headlights, wind shields, locks, tires, sidewalks, steps, AC equipment, tail lights, and hinges. It's pretty amazing stuff. It also helps prevent freezing when applied in advance, eliminating scraping and potential of damaging glass.

CK Ice Melt works in any temperature. It's most commonly used in industries like shipping fleets, police and fire departments, small or large maintenance crews, food service operations, and more.

PRODUCT #	6857
VOC Content:	20.0%
Size:	20 oz.

CK Brake Flush

NON-CHLORINATED BRAKE PARTS CLEANER

CK Brake Flush is a powerful non-chlorinated brake cleaner that can be used on any assembled or disassembled braking equipment.

Stops disc brake squeal.

It effectively removes asbestos dust, oil, grease, brake fluid, and other soils associated with brake parts. It also thoroughly wets and washes away asbestos dust.

Contains no ozone depleting compounds.

PRODUCT #	6902
VOC Content:	47.0%
Size:	20 oz.

CK Choke & Carburetor Cleaner

SOLVENT DEGREASER/BRAKE PARTS CLEANER

Cleans carburetors, choke linkages, intake manifolds, throttle plates, mass air sensors, manifold heat controls, thermostatic coils, PCV valves.

It cleans the carburetor right down to bare metal.

The powerful flushing action of Choke & Carburetor Cleaner removes deposits that impede performance.

PRODUCT #	6856
VOC Content:	47.0%
Size:	20 oz.

CK Ultra Shine

CLEAR ACRYLIC COATING

CK Ultra Shine is a clear, non-foaming acrylic coating which provides a water resistant gloss shine.

This product brightens and renews any vinyl and plastic surface.

Great for those hard-to-reach places.

PRODUCT #	6903
VOC Content:	47.0%
Size:	20 oz.

CK FastGasket (Black)

SILICONE GASKET MAKER

CK Fast Gasket Black is a silicone rubber bonding and sealing compound contained in a convenient pressurized package with an easy-dispensing nozzle. You can make any size or shape gasket to replace a wide range of cork, paper, asbestos, felt and metal gaskets. 100% silicone. Use on oil pans, oil pumps, water pumps, thermostat housings, timing case covers, valve covers, push rod covers, transmission pans, and cam shaft rear covers. Stable for hot engine oil and Glycol anti-freeze. Low volatility. Temperatures range up to 500°F. Oxygen Sensor Safe.

PRODUCT #	6921
VOC Content:	47.0%
Amount:	8 oz. (226 grams)

CK FastGasket (Blue)

SILICONE GASKET MAKER

CK Fast Gasket Blue may be used to make any size or shape gasket to replace a wide range of cork, paper, asbestos, felt and metal gaskets. 100% silicone.

Use on oil pans, oil pumps, water pumps, thermostat housings, timing case covers, valve covers, push rod covers, transmission pans, and cam shaft rear covers. Low volatility.

Temperatures range up to 500°F.

PRODUCT #	6905
VOC Content:	20.0%
Amount:	8 oz. (226 grams)

CK FastGasket (Clear)

SILICONE GASKET SEALANT

CK Fast Gasket Clear may be used to make any size or shape gasket to replace a wide range of cork, paper, asbestos, felt and metal gaskets. 100% silicone.

Used as an adhesive for glass, plastic or metal and on oil pans, oil pumps, water pumps, thermostat housings, timing case covers, valve covers, push rod covers, transmission pans, and cam shaft rear covers.

Low volatility.

PRODUCT #	6922
VOC Content:	47.0%
Amount:	8 oz. (226 grams)

CK FastGasket (Red)

SILICONE GASKET MAKER

CK Fast Gasket Red may be used to make any size or shape gasket to replace a wide range of cork, paper, asbestos, felt and metal gaskets. 100% silicone.

Use on oil pans, oil pumps, water pumps, thermostat housings, timing case covers, valve covers, push rod covers, transmission pans, and cam shaft rear covers, and the real seal of the differential.

Oxygen sensor safe, and of low volatility. Temperature range up to 550°F.

PRODUCT #	6904
VOC Content:	20.0%
Amount:	8 oz. (226 grams)

Shut Out

HEAVY-DUTY HAND CLEANER

Shut Out is a heavy-duty hand cleaner with abrasives and emollients that clean with the power of pumice and natural citrus oils to remove heavy industrial grime. It soothes, protects, and moisturizes your skin with lanolin, emollients, and powerful citrus solvents. It has the scrubbing action of pumice and a fresh citrus fragrance.

PRODUCT #	6791
MAKEUP:	Liquid
COLOR:	Orange
FRAGRANCE:	Citrus

Strike Zone

WATERLESS HAND CLEANER

Strike Zone is a waterless hand cleaner that combines portability with heavy-duty cleaning results. It contains a natural citrus oil base and soothing emollients that replace skin oils. Strike Zone penetrates and removes grease, tar, ink, resins, adhesives, carbon, oil, and paint. It easily wipes away with paper or cloth towels. Strike Zone has no harsh abrasives and no petroleum solvents.

PRODUCT #	6793
MAKEUP:	Liquid
COLOR:	Orange
FRAGRANCE:	Citrus

Cherry Blast

INDUSTRIAL HAND CLEANER

Cherry Blast has a pleasant cherry odor with a thick, red paste consistency made of mild cleansing agents, and pumice. Cherry Blast is designed to remove dirt, grease, carbon, tar, ink, and other hard to remove workplace dirt from hands and arms. Cherry Blast works by loosening dirt from the skin with pumice and by emulsifying the grease and grime.

PRODUCT #	6783
MAKEUP:	Liquid
COLOR:	Red
FRAGRANCE:	Cherry

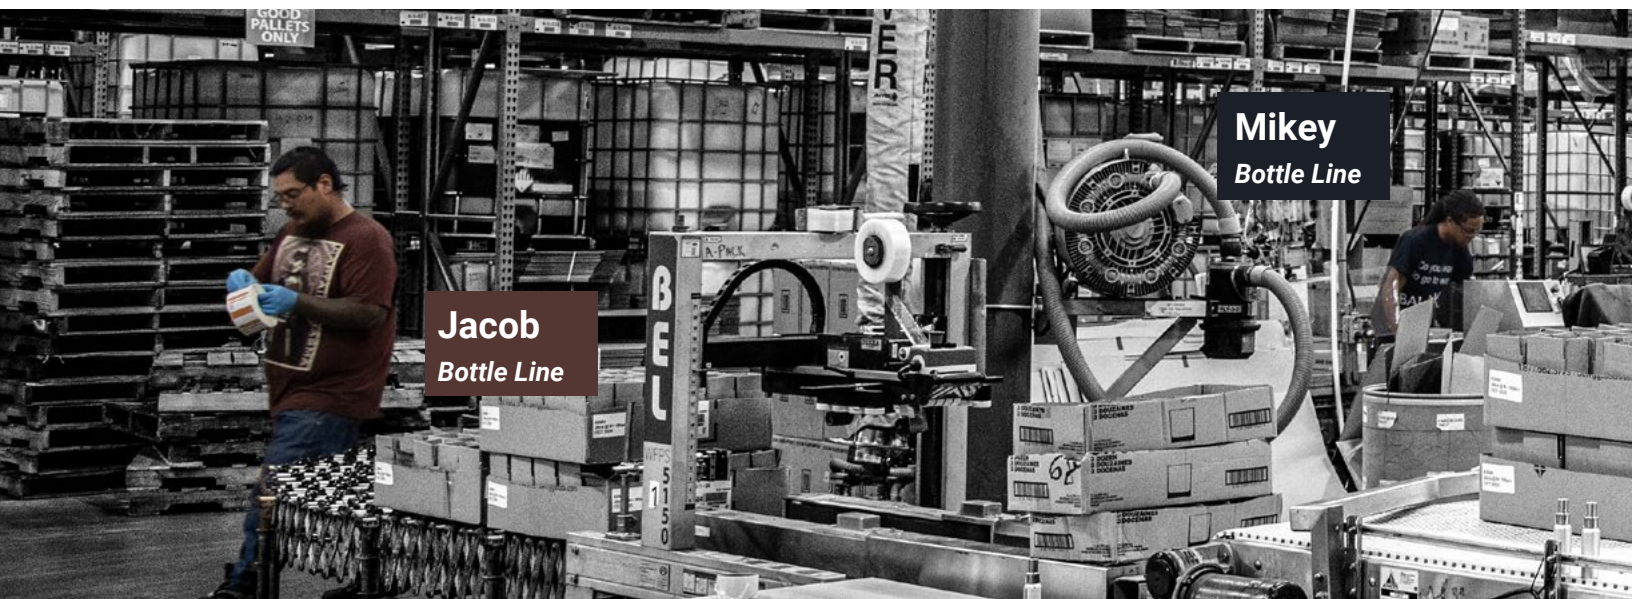

C K Charlie Krusher

HARD-HITTING HAND CLEANER

C K Charlie Krusher is solvent-free with superior emollients designed to remove dirt, grease, carbon, tar, ink, and other hard to remove workplace dirt from hands and arms with the help of walnut shell scrubbers.

PRODUCT #	6789
MAKEUP:	Liquid
COLOR:	Tan
FRAGRANCE:	Citrus

Panda Clean

HARD SURFACE CLEANER

Panda Clean quickly removes oily residues and stains. It has a patent-pending formula that enables tough cleaning at a near-neutral pH. Panda Clean contains hydrocarbon-degrading microorganisms for stimulating biological degradation of oily residuals as well as initiating biological treatment of rinse water. Panda Clean requires only minimal personal protective equipment (PPE) and will not interfere with oil-water separation. This unique combination of a safe and effective cleaner coupled with beneficial microorganisms simplifies the industrial cleaning process. Panda clean removes oil quickly and safely, combines patent-pending cleaning technology with the residual effects of microbial technology resulting in a solution that is both fast-acting and safe. Lower operating costs, improve plant efficiency and simplified operation. Panda Clean may be diluted up to 1 to 3 and can be sprayed or mopped on to the surface, scrub to loosen soil and remove excess. Panda Clean may also be applied with an automatic floor scrubber, for tough soils, apply, scrub, remove and apply a light application, scrub in and allow drying. The beneficial microorganisms will continue work to remove sub-surface stains and residue.

PRODUCT #	6026
MAKEUP:	Liquid
COLOR:	Opaque
FRAGRANCE:	Slightly fermented
DILUTION:	1 to 3

Alpha-1

HEAVY-DUTY ALKALINE CLEANER

Alpha-1 is a heavy-duty industrial cleaner with wetting agents to penetrate tough soils. Emulsifiers to suspend soils so they can be rinsed away and powerful solvents to dissolve grease and oils. Effective cleaner for all surfaces. Outstanding performance on fire/smoke damage. Ideal for low foam applications such as floor scrubbers.

PRODUCT #	4381
MAKEUP:	Liquid
COLOR:	Purple
FRAGRANCE:	Mild Solvent
pH:	12 - 13.0
DILUTION:	1:5 to 1:25

CK Green

BIODEGRADABLE WATER-BASED CLEANER

C K Green is non-flammable, no petroleum or chlorinated solvents or caustic, may be used for manual applications or applied with low pressure spray, may also be use in hot or cold water washers.

PRODUCT #	4825
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Mild
pH:	11
DILUTION:	1:128 to 6:128

Degreaser

NON-CAUSTIC, NON-SOLVENT ALKALINE DEGREASER

Degreaser is an excellent choice for degreasing engines and for use through hot or cold-water high-pressure washers degreasing heavy equipment or fabricated industrial structures. Degreaser cuts through grease and oil utilizing a very effective surfactant system penetrating to the metal, lifting off all soils. Additionally, Degreaser rinses easily with water leaving behind a surface that is totally film-free. Degreaser is safe on untreated aluminum when used as directed.

PRODUCT #	4340
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Mild Odor
pH: (CONC.):	13 - 14.0
DILUTION:	64:1 to 10:1

Orange Krush

HEAVY-DUTY INDUSTRIAL CLEANER

Orange Krush is the environmentally-friendly answer for replacing chlorinated and petroleum-based solvents. Orange Krush is a 100% active and 100% biodegradable product that rapidly attacks and solubilizes a wide variety of greasy soils as well as most inks, adhesives and uncured polymers. This product rinses easily in water leaving behind a surface that's totally film-free. Orange Krush is safe to use on most metals.

PRODUCT #	5950
MAKEUP:	Liquid
COLOR:	Orange
FRAGRANCE:	Citrus
pH:	8 - 10.0
DILUTION:	Varies—see tech data sheet

Neetpez

HEAVY-DUTY DEGREASER

Neetpez is a versatile heavy duty degreaser that is very effective at dissolving heavy grease, oil, carbonized soils, and resins from metal. It is ideal as a presoak for heavy equipment, engine blocks, lifts, and tractors. It holds soils in suspension so they will easily rinse away. Neetpez can be used at full strength or diluted with kerosene (1 to 4).

PRODUCT #	4101
MAKEUP:	Liquid
COLOR:	Pink
FRAGRANCE:	Petroleum/Mild
pH:	7 - 8.5

K-Kleen ESP

100% BIODEGRADABLE GENERAL CLEANER

K-Kleen ESP is a cleaner/degreaser that removes dirt, grease, and grime very quickly. It's an all-purpose cleaner that can be used on a wide variety of surfaces. It is a phosphate-free product and can be diluted.

PRODUCT #	4832
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	Mild
pH:	11 - 12.5
DILUTION:	Varies—see tech data sheet

CK Solvent 143

SOLVENT PARTS CLEANER

C K Solvent 143 is a heavy-duty industrial emulsifier that penetrates tough soils. Emulsifiers suspend soils while powerful solvents dissolve grease and oils so they can be easily rinsed away. C K Solvent 143 is an effective cleaner for all surfaces. Outstanding performance on fire/smoke damage. Ideal for low foam applications such as floor scrubbers.

PRODUCT #	7180
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Acidic
DILUTION:	1:50

Lift Off

HEAVY-DUTY ALL-PURPOSE CLEANER

Lift Off is a biodegradable water-based cleaner. It can be used for manual applications or applied with a low pressure sprayer. It also can be use in hot or cold water washers.

Lift Off is non-flammable, has no petroleum, no chlorinated solvents and does not contain caustic.

PRODUCT #	5000
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	Mild
pH:	1% to >8.5
DILUTION:	Varies—see tech data sheet

Clear Lemon Degreaser

INDUSTRIAL DEGREASER

Clear Lemon Degreaser is an excellent choice for degreasing engines at self-service car washes and for use through hot or cold water high-pressure washes, degreasing heavy equipment, or fabricated industrial structures. It rinses easily with water leaving behind a surface that is totally film-free. It's safe on untreated aluminum when used as directed. It contains no caustic soda, no caustic potash or solvents of any kind.

PRODUCT #	4534
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Sweet
DILUTION:	1:3 - 1:64

Big XL

HIGH pH (CAUSTIC) PRESOAK

Big XL is a free-rinsing, environmentally friendly degreaser with no chlorine or petroleum-based solvents. It works great for removing grease, soil, and most inks and adhesives.

Big XL also effectively removes oil and lubricant residue from tools, parts, and equipment.

PRODUCT #	4537
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Citrus

Prime 1020

CLEANER/DEGREASER

Prime 1020 the environmentally safe answer for replacing chlorinated and petroleum based solvents. Prime 1020 is a 100% active, 100% biodegradable product that attacks and solubilizes a wide variety of greasy soils as well as most inks, adhesives and uncured polymers. This product rinses easily in water leaving behind a surface that is totally film free. Prime 1020 is safe for use on most metals.

PRODUCT #	6011
MAKEUP:	Liquid
COLOR:	Yellow-Green
FRAGRANCE:	Citrus
pH (CONC.):	12.0 - 12.5

Prime 823

HEAVY-DUTY CLEANER/DEGREASER

Prime 823 rapidly attacks a wide variety of greasy soils, inks, adhesives, and uncured polymers. It also rinses easily in water leaving behind a surface that is totally film-free. It's safe for use on most common metals and is an excellent choice for hot water high-pressure washers for engine, heavy equipment, and general cleaning prior to steam phosphatizing. Prime 823 is 100% active and 100% biodegradable.

PRODUCT #	6000
MAKEUP:	Liquid
COLOR:	Lime Green
FRAGRANCE:	Citrus
pH:	12.5 - 13
DILUTION:	1:5 to 1:50

Purple Tornado

HEAVY-DUTY CLEANER/DEGREASER

Purple Tornado is a heavy-duty, concentrated cleaner used in a variety of situations. It's ideal for extra heavy-duty industrial cleaning applications where economy is desired. Purple Tornado is a controlled foam liquid, alkaline product, free rinsing, very effective on grease and carbon soils.

PRODUCT #	8834
MAKEUP:	Liquid
COLOR:	Purple
FRAGRANCE:	Solvent
pH:	12-14
DILUTION:	1:5 to 1:50

LIQUID DEGREASERS

Safe-Solv

Safe-Solv is a heavy-duty solvent degreaser and brake parts cleaner. With its powerful jet spray, Safe-Solv instantly removes oil, grease, brake fluid, asbestos dust, and other soils. It cleans and dries quickly, contains no water, and leaves no residue. It dries ignition parts and cleans contact points. Safe-Solv may also be used on both diesel and internal combustion engines, marine motors and power tools, as well as on refrigeration and air conditioning equipment. It is non-flammable and non-conductive.

PRODUCT #	4536
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Solvent
DILUTION:	RTU

Brake Cleaner

Brake Cleaner is a liquid solvent-cleaner formulated to remove oil, grease, brake fluid, and other soils from brake parts. It contains no chlorinated hydrocarbons and aids in meeting the OSHA standard for removing particulate asbestos. Evaporates quickly, leaving no residue. Brake Cleaner can be used on any type of brake equipment, assembled or disassembled: Brake drums, wheel cylinders, master cylinders, disc pads, linings, return springs, power and vacuum assisted components, and all other metal brake parts. Use on autos, trucks, trailers, campers, mobile homes and motorcycles.

PRODUCT #	8860
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Solvent
DILUTION:	RTU

Spraywash #5

ALUMINUM-SAFE LIQUID CLEANER

Spraywash #5 is used for spray cleaning operations and is suitable for use with mixed metals. It is a low foaming, alkaline cleaner that is very effective at removing mill oils, cutting fluids, drawing compounds, preservative oils, etc. Its low foaming characteristics make it especially suitable for use in removing soap base drawing/forming compounds. Spraywash #5 is specifically formulated for use as a pre-cleaner in a five-stage, phosphatizing spray washer system.

PRODUCT #	6930
MAKEUP:	Liquid
COLOR:	Clear Blue
FRAGRANCE:	Mild Solvent
pH (CONC.):	12-13
DILUTION:	1.5 to 4 oz. /gallon

Spraywash #5 NF

ALUMINUM-SAFE LIQUID CLEANER

Spraywash #5 NF (non-foaming) is used for spray cleaning operations and is suitable for use with mixed metals. It contains a unique foam-control additive that's very effective at removing mill oils, cutting fluids, drawing compounds, preservative oils, etc. Its low foaming characteristics make it especially suitable for use in removing soap base drawing/forming compounds. Spraywash #5 NF is specifically formulated for use as a pre-cleaner in a five-stage, phosphatizing spray washer system.

PRODUCT #	5350
MAKEUP:	Liquid
COLOR:	Clear Blue
FRAGRANCE:	Mild Solvent
pH (CONC.):	12-13
DILUTION:	1.5 to 4 oz. /gallon

Spraywash #20

ALKALINE SPRAYWASH CLEANER

Spraywash #20 is used for spray cleaning operations and is suitable for use on mixed metals. Spraywash #20 incorporates the latest in modern chemistry for fast separation of oil from the cleaning solution. This oil separation and flotation aids in the removal via use of skimming equipment and will help maintain EPA compliance in discharging less oil out in cleaning solutions. Spraywash #20 is a general purpose-type cleaner, effectively removing mill oil, machine oil, drawing compounds, preservative oils, etc. Its low foaming characteristics make it especially suitable for use in removing soap base drawing compounds.

PRODUCT #	5420
MAKEUP:	Liquid
COLOR:	Clear to Straw Liquid
FRAGRANCE:	Mild Solvent
pH (CONC.):	10.0-11.5
DILUTION:	1.5 to 4 oz. /gallon

Clean Slide

ASPHALT-CONCRETE RELEASE AGENT

Clean Slide easily releases asphalt and concrete from truck beds, equipment, and concrete forms. Clean Slide is a specially formulated to keep asphalt, tar and concrete from adhering to many surfaces, saving time lost on the difficult task of cleaning them. It is also effective on problem blends such as Super Pave, Novachip, City Pave and Non Polymeric Blends.

PRODUCT #	301-CS
MAKEUP:	Liquid
COLOR:	Clear Yellow
FRAGRANCE:	Mild
pH:	6.0
DILUTION:	1:5

Concrete Slide Concentrate

CONCRETE RELEASE AGENT

Concrete Slide Concentrate is an amazing cleaner that utilizes state of the art surfactant technology and small molecules to penetrate deep inside concrete residues and react from within. It is this unique formulation that makes it ideal for cleaning and maintaining tools, equipment, and vehicles. Concrete Slide Concentrate is strong enough to quickly and easily remove concrete on contact.

PRODUCT #	1164
MAKEUP:	Liquid
COLOR:	Clear Dark Yellow
FRAGRANCE:	Citrus
pH:	0.2 -1.2

FCR 1000

FOAMING CONCRETE REMOVER

FCR 1000 is a safer, yet very aggressive foaming concrete cleaner. With FCR 1000 you get all the power of an acid without any of the hazards. This amazing cleaner utilizes state of the art surfactant technology and small molecules to penetrate deep inside concrete residues and react from within. It's this unique formulation that makes it ideal for cleaning and maintaining tools, equipment, and vehicles. FCR 1000 is a non-corrosive formula which means that even sensitive engine components and radiators can be cleaned without fear of damaging them.

PRODUCT #	1162
MAKEUP:	Liquid
COLOR:	Clear to Straw Liquid
FRAGRANCE:	Citrus
pH:	0.2 -1.2
DILUTION:	1:1

LIQUID & POWDER

VEHICLE WASH

C K Enterprises Inc.

Lightning

ALUMINUM & STAINLESS STEEL TRUCK WASH

Lightning is a biodegradable, non-hydrofluoric acid, general purpose cleaner. The main use for Lightning is to safely clean aluminum and stainless steel truck bodies without the dangerous acids that their harmful side effects carry. It's absolutely safe around glass and can be allowed to dry on the surface.

This product is safe for polished aluminum, but is recommended that the concentrate be cut in half before using to maintain it's striking shine.

PRODUCT #	5030
MAKEUP:	Liquid
COLOR:	Amber
FRAGRANCE:	Mild
pH:	1.5
DILUTION:	1:128 to 1:200

Dyna-Mite

HIGH-FOAMING LIQUID TRUCK WASH

Dyna-Mite is the ultimate high-foaming liquid truck wash. This economical, biodegradable product is highly dilutable, rarely requires manual brushing and increases mileage by reducing the drag from road soil and film.

PRODUCT #	4380
MAKEUP:	Liquid
COLOR:	Red
FRAGRANCE:	Soap
pH:	11.0 - 13.0
DILUTION:	1:50

Dyna 1398

pH PRE-SOAK CONCENTRATE

Dyna 1398 is used as presoak shampoo or inside an in-bay, touch-free wash. The high foaming, high pH means Dyna 1398 is very effective at loosening road film and bug residue. It's versatile and effective and can be used in a variety of applications.

PRODUCT #	8344
MAKEUP:	Liquid
COLOR:	Clear Amber
FRAGRANCE:	Mild
pH:	13.0 - 13.5
DILUTION:	1:150 - 1:300

Dyna 2401

pH PRESOAK CONCENTRATE

Dyna 2401 is a high-foaming, high pH presoak that penetrates and loosens bug residues and road film. It's used in prep areas, as presoak shampoo, and with in-bay, touch-free wash systems. The fresh citrus scent will keep your customers coming back.

PRODUCT #	8343
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Citrus
pH:	13.0 - 13.5
DILUTION:	1:128 to 1:200

Dyna 2601

SELF SERVE PRE-SOAK SURFACTANT

Dyna 2601 is a super-concentrated, low pH surfactant that is used to remove a variety of tough soils, wind shield eyebrows and bug residue.

PRODUCT #	2171
MAKEUP:	Liquid
COLOR:	Dark Red
FRAGRANCE:	Bubblegum
pH:	2-5
DILUTION:	48:1

Metal F-15

ALUMINUM TRAILER BRIGHTENER

Metal Conditioner F-15 is an acid based aluminum trailer cleaner that incorporates a blend of surfactants to effectively clean aluminum surfaces, leaving them clean, bright, and protected.

PRODUCT #	2000
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Mild
pH:	<1.5
DILUTION:	1:15 to 1:50

Metal Conditioner F-20

ALUMINUM TRAILER BRIGHTENER

Metal Conditioner F-20 is specifically formulated to brighten oxidized aluminum trailers. It packs a potent blend of strong mineral acids, wetting agents emulsifiers, and "butyl" solvents for extra grease-fighting power.

PRODUCT #	2070
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Acidic
pH:	<1.0
DILUTION:	1:50

Reflection Wash & Wax

AUTOMOTIVE WASH AND WAX

Reflection Wash & Wax is specially formulated to provide an outstanding clean for all automotive and hard surfaces. It provides superior water runoff and a shine that lasts. It's used for cars, trucks, motorcycles RV's, boats, mobile homes, construction equipment, farm equipment, and almost any other hard surface.

PRODUCT #	4461
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	Fruity
pH:	7 - 9
DILUTION:	1:60 to 1:120

Wind Shield Wiper Fluid Concentrate

ALIPHATIC ALCOHOL

Our Wind shield Wiper Fluid Concentrate is used for vehicles in the transportation industry to remove road film, grime, bugs, and other residues wind shields collect.

For winter time use:

- (BELOW 32°F) mix 3 to 1
- (ABOVE 32°F) mix 10-1.

PRODUCT #	6829
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	Alcohol
pH:	7.2
DILUTION:	Varies (see tech data sheet)

Pitbull

HEAVY-DUTY TRUCK WASH

Pitbull is a foaming truck wash that increases dwell time to allow it's high-alkaline formula to penetrate and loosen even the heaviest dirt, road film, and residues. It's highly concentrated for greater economy and free rinsing.

PRODUCT #	8453
MAKEUP:	Liquid
COLOR:	Purple
FRAGRANCE:	Mild
pH:	13.0 - 14.0
DILUTION:	1:5 to 1:50

Dyna Presoak

pH PRESOAK CONCENTRATE

Dyna Presoak is a high-foaming, high pH (caustic) presoak that penetrates and loosens bug residues and road film. It's used in prep areas, as presoak shampoo or inside an in-bay, touch-free wash. It has a unique and fresh citrus scent that will be easily remembered by your customers.

PRODUCT #	8340
MAKEUP:	Liquid
COLOR:	Violet
FRAGRANCE:	Citrus
pH:	13-14
DILUTION:	Mix one part product with 128 – 200 parts water and apply to vehicle surface under low-pressure spray. Allow a maximum of 30 – 45 seconds contact time before rinsing with high-pressure water.

Dyna Foaming Tire & Engine

HIGH-FOAMING DETERGENT

This is a non-caustic, green foaming white wall and engine cleaner for self-serve and tunnel applications. It produces a thick green foam that handles the toughest soils with ease. It's also stable in hard water and biodegradable.

PRODUCT #	9830
MAKEUP:	Liquid
COLOR:	Yellow-Green
FRAGRANCE:	Mild
pH:	13-14
DILUTION:	Varies (see tech data sheet)

Dyna Brite

PREMIUM VEHICLE DETERGENT

DYNA BRITE is a concentrated high foaming low pH lubricating detergent. Helps accelerate drying.

- Excellent foamer
- Excellent cleaner
- Neutralizes residual alkalinity
- Brightens chrome
- Economizes drying agents
- Applicable through foamers or spray arches or cloth applications free-rinsing
- Biodegradable

PRODUCT #	1060
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	Slight Chemical
pH:	<1.0
DILUTION:	Varies (see tech data sheet)

TW

HEAVY-DUTY TRUCK WASH

TW is a heavy-duty truck wash that, when used through a high-pressure cleaner, easily removes exhaust deposits, road film, dirt, grease and soils from vehicle surfaces.

TW is an excellent choice for economy washes and is an effective exterior cleaning for the trucking, railroad and general transportation industries.

PRODUCT #	9770
MAKEUP:	Liquid
COLOR:	Red-Orange
FRAGRANCE:	Soap
pH:	5%
DILUTION:	1:50 to 1:100

Salt-B-Gone

CORROSIVE SALT NEUTRALIZER

Salt-B-Gone is a unique blend of organic acids that dissolve and flush out salt crystals and residue. It coats the vehicle's surface with corrosion inhibitors to protect from rust and corrosion. It is used on all vehicles including: trucks, buses, snow plows, salt spreaders, or any equipment/surface at risk of salt damage.

PRODUCT #	4943
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Cherry
pH:	<1.0
DILUTION:	Vaires-see tech data sheet

Icy Shyne

HIGH-GLOSS INTERIOR & TIRE SHINE

Icy Shyne is a fast-acting spray that creates an immediate, high-gloss shine on interiors and tires. Just spray on, wipe off and allow to dry. Doesn't run or build up.

Works best when sprayed on a rag or sponge first.

PRODUCT #	5093
MAKEUP:	Liquid
COLOR:	White
FRAGRANCE:	Mild
PH (CONC.):	9.5 - 10.5
DILUTION:	RTU

Rapid Foam II

HEAVY FOAMING ALKALINE CLEANER

Rapid Foam II is a concentrated, heavy duty, self-foaming, alkaline liquid detergent formulated for use in all types of food processing plants. It's premium formula provides superior rinsing in most water conditions. Highly recommended for use in foaming areas that contain heavy grease, oil, fat, blood or carbonized soils.

PRODUCT #	9650
MAKEUP:	Liquid
COLOR:	Dark Brown
FRAGRANCE:	Mild Surfactant
pH 1%:	>11.5
DILUTION:	Varies—see tech data sheet

POWDER VEHICLE WASH

VW-Red

RED POWDERED VEHICLE WASH

VW-Red is a premium powdered car wash formula designed to remove soil and road film from all surfaces, while promoting a spot free rinse. It's one-of-a-kind formula is safe to use on all surfaces.

PRODUCT #	6305
MAKEUP:	Powder
COLOR:	Dark Pink
FRAGRANCE:	Cherry
pH:	1% - 12.5
DILUTION:	6 to 8 oz. per gallon of water

VW-4358

VERSATILE POWDERED CAR & TRUCK WASH COMPOUND

VW-4358 is used by hand or inside automatic car and truck wash systems. It has free-rinsing, biodegradable surfactants that quickly penetrate road film, dirt, and grime—holding them in suspension to assure they rinse away to leave a clean, shiny surface.

PRODUCT #	4358
MAKEUP:	Powder
COLOR:	Light Red
FRAGRANCE:	Mild
pH:	1% - 12.5
DILUTION:	0.5 to 1 oz. per gallon of water

VW-965

HEAVY-DUTY ALKALINE POWDERED VEHICLE WASH

VW-965 works well in full service and self service car and truck washing systems and is well suited for use through hot or cold water high pressure washers. It's effective surfactants system cuts through and removes the toughest dirt and road film and has excellent rinse-ability.

PRODUCT #	6551
MAKEUP:	Powder
COLOR:	Dark Pink
FRAGRANCE:	Cherry
pH:	1% - 12.5
DILUTION:	1/3 to 8 oz. per gallon of water

HT-62

FERROUS METAL HOT TANK CLEANER

HT-62 is an alkaline hot tank cleaner designed to strip and remove rust, paint, and carbon from iron and steel. HT-62 is highly caustic with sequestrates for dissolving rust and accelerating stripping. It is safer to handle than acid compounds, contains no acid fumes. It boasts powerful penetrating molecules with wetting agents that remove paint and rust with ease. It's also biodegradable, clean rinsing and has excellent stability.

PRODUCT #	8501
MAKEUP:	Powder
COLOR:	Tan
FRAGRANCE:	Caustic
pH:	13 - 14
DILUTION:	1 to 3 lb per gallon

HT-78

FERROUS METAL HOT TANK CLEANER

HT-78 is an alkaline hot tank cleaner designed to strip and remove rust, paint, and carbon from iron and steel. HT-62 is highly caustic with sequestrates for dissolving rust and accelerating stripping. It is safer to handle than acid compounds, contains no acid fumes. It boasts powerful penetrating molecules with wetting agents that remove paint and rust with ease. It's also biodegradable, clean rinsing and has excellent stability.

PRODUCT #	8500
MAKEUP:	Powder
COLOR:	Tan
FRAGRANCE:	Caustic
pH:	12.9
DILUTION IN STEEL TANKS:	Use 1 to 3 pounds per gallon at a boil for rust stripping
DILUTION FOR PAINT STRIPPING:	Use 1 to 2 pounds per gal. of water at a boil. The time and concentration of rust/ paint stripping will depend on the rust and paint.

Anti-Rust

HEAVY-DUTY RUST REMOVER

When safety, smell, and paintability are important, use Anti-Rust. It leaves no visible residue and will not interfere when painting treated metal. Anti-Rust is recommended for use in all applications where metal parts are cleaned, exposing them to oxidation (rusting). Anti-Rust mixes readily with water for fast, easy application in spray or immersion rinse procedures. It contains no oils or silicone and dries to an invisible protective film.

PRODUCT #	8329
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	None
PH (CONC.):	8 - 9.5
DILUTION:	1 to 128

SPRAY

CABINET CLEANERS

C K Enterprises Inc.

Multi Brite

LOW FOAM PARTS WASH

Multi Brite is an excellent degreaser recommended for cleaning aluminum, steel, brass, stainless steel, copper, and many other metals.

Use it for spray cabinet parts or any other application where low foam and excellent rinsibility are desirable.

PRODUCT #	4826
MAKEUP:	Powder
COLOR:	White
FRAGRANCE:	Pine
pH 5%:	12-13
DILUTION:	Varies (see tech data sheet)

K-PW 71

ALUMINUM SAFE, HIGH-PRESSURE SPRAY CABINET POWDERED CLEANER

K-PW 71 contains a biodegradable surfactant that is effective in removing all shop soils. K-PW 71 is a mildly alkaline, caustic free cleaner that is suitable for use in areas of hard water. It is safe on all aluminum alloys and other soft metals. K-PW 71 effectively eliminates water spotting due to hard water. K-PW 71 may also be used in multi-stage industrial spray washers.

PRODUCT #	4820
MAKEUP:	Powder
COLOR:	Orange
FRAGRANCE:	Citrus
pH:	12 - 13
DILUTION:	1 lb. to 5 gallons of water

K-PW 72

FERROUS METAL SAFE POWDERED CLEANER

K-PW 72 effectively eliminates water spotting due to hard water. It contains a biodegradable surfactant that is effective in removing all shop soils.

K-PW 72 is a low level caustic cleaner that is suitable for use in areas of hard water. This product is NOT suitable for aluminum parts. K-PW 72 may also be used in multi-stage industrial spray washers.

PRODUCT #	7070
MAKEUP:	Powder
COLOR:	Orange
FRAGRANCE:	Citrus
pH:	13 - 14
DILUTION:	1 lb. to 5 gallons of water

K-PW 75

POWDERED SUPER HIGH ALKALINE DETERGENT

K-PW 75 is designed to remove the heavy baked-on resin, carbon soils, paint, and rust from ferrous metals. This product can be used in spray cabinets and hot vats. It's designed to be used at higher temperatures (140°F to 210°F)

PRODUCT #	8451
MAKEUP:	Powder
COLOR:	Tan
FRAGRANCE:	Mild
pH:	5% : 13.0-14.0
DILUTION:	1 to 6 oz. per gal

K-PW 82

SAFE POWDER SPRAY CABINET CLEANER

K-PW 82 is a safe alternative for removing resins and carbon soils from aluminum and all soft metals. It's biodegradable, caustic free, and suitable for use in hard water areas. It's a highly concentrated and very economical spray cabinet cleaner.

PRODUCT #	4824
MAKEUP:	Powder
COLOR:	White
FRAGRANCE:	Sweet
pH:	5% : 12.0-13.0
DILUTION:	1 lb. to 5 gallons of water

SPECIALTY PRODUCTS

K-Kleen 50

ALKALINE DETERGENT

K-Kleen 50 is used in a variety of applications.

It is a biodegradable blend of synthetic detergents with alkaline builders and water soluble solvents that dilute easily to fit any cleaning situation. It also works great in hard water. K-Kleen 50 is often diluted to fit your specific cleaning needs.

PRODUCT #	8832
MAKEUP:	Liquid
COLOR:	Blue
FRAGRANCE:	Citrus
pH:	12-14.0
DILUTION:	1:5 to 1:50

Micro Odor Blaster

MICROBIAL TREATMENT & CLEANER

Micro Odor Blaster works by combining the oxygen in the air with odor molecules causing any odor to disappear. It is very effective at removing smoke odors. It is formulated with patented technology that provides immediate metabolic activity (waste degradation). It is also environmentally safe.

FOR USE IN: kitchens, bathrooms, basements, garages, cat boxes, garbage cans, cars, trucks, boats, RV's, and anywhere malodors can be found, just spray in the air and it will remove most odors in minutes or seconds (depending on the odor). It is safe on wood, ceramic tile, plastics, fiberglass, laminates, metal, rubber and fabrics.

It blasts cooking odors from meat, fish, poultry, vegetables and fruit. Diesel fuel odors, human and animal waste, most mold and mildew odors, smoke and pet odors, ammonias and other common odors are effectively removed. It can be used as a room spray, in carpet extraction cleaning, diaper pails, bed linen, or added to wash machines.

K-Glow

INDUSTRIAL BATHROOM CLEANER

K-Glow is a total bathroom cleaner. It's mildly acidic and thick, non-fuming formula clings to vertical surfaces like showers, tub enclosures and toilets, dissolving the toughest soils and leaving behind a pleasant citrus smell.

K-Glow can be sprayed, mopped, or wiped on.

PRODUCT #	2645
MAKEUP:	Liquid
COLOR:	Hot Pink
FRAGRANCE:	Citrus
pH:	<3.0
DILUTION:	RTU

K-Burst 1000

FOAM CONTROLLING COMPOUND

K-Burst 1000 controls foam in all types of aqueous wash systems. It works well in all temperatures but is most effective at temperatures 90° F and above.

PRODUCT #	4600
MAKEUP:	Colloidal Liquid
COLOR:	White
FRAGRANCE:	Mild
DILUTION:	Varies (see tech data sheet)

Sage Brush 40

MULTI-PURPOSE LUBRICANT & CLEANER

Sage Brush 40 is a lubricant used to reduce friction anywhere metal meets metal. It helps clean away old grease and oil build ups, preventing rust and corrosion to extend the life of your equipment.

It also is sprayed onto corroded and rusted parts that are submerged for several hours, then wire brushed.

PRODUCT #	4242
MAKEUP:	Liquid
COLOR:	Amber
FRAGRANCE:	Mild Solvent

All of our cleaning products are proudly made in the U.S.A.

K-Quat 4

QUATERNARY AMMONIUM SANITIZER

K-Quat 4 is used for sanitizing, disinfecting, and deodorizing all types of hard surfaces. It's especially effective against gram positive and gram negative microbes and fungi. K-Quat 4 is virus and protein tolerant. It is highly concentrated and needs to be diluted before using.

PRODUCT #	4850
MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Quat
pH:	6.5 - 8.0
DILUTION:	1 lb. to 5 gal. of water

K-Quat 4 - RTU

READY TO USE SANITIZER

- Kills COVID-19 in minutes*
- Kills 99.9% of germs that can live on surfaces for up to 48 hours
- Kills 99.9% of viruses† and bacteria
- Kills Staph, E. coli, Salmonella, Strep
- Prevents bacteria‡ growth for up to 24 hours

Get K-Quat 4 – RTU when you don't want to dilute K-Quat 4 on your own.

* Kills SARS-CoV-2 on hard, nonporous surfaces. Use as directed for other germs.

† Human Coronavirus, Influenza A2 Virus

‡ odor-causing bacteria

MAKEUP:	Liquid
COLOR:	Clear
FRAGRANCE:	Quat
pH:	6.5 - 8.0
DILUTION:	RTU

K-Quat 5

GENERAL CLEANER & DEODORIZER

K-Quat 5 is used to eliminate mold and mildew along with the odors they produce. K-Quat 5 is also used in veterinary clinics and animal care facilities to control canine parvovirus and porcine parvovirus. It also makes for a great surface cleaner and deodorizer.

PRODUCT #	4851
MAKEUP:	Liquid
COLOR:	Yellow/Orange
FRAGRANCE:	Wintergreen
pH:	10%: 6.0 - 10.5
