 t C K, we believe Clean is a destination.

Every product we make and every person we employ understands that no matter the mess, we've got a product that can clean it. For us, Clean is the place where everyone wants to be.

Luckily our founder, Charlie Kunkel III, discovered how to get there over 40 years ago. And he's been guiding others to the promised land ever since.

Whether it's through private labeling our products, offering quality car wash soaps and detergents, cleaning food plants, or printing labels, signs, and marketing materials, Charlie has always done things one way: **right.**

From the beginning, he's put his people first, believing that the way you treat people is the only true thing that matters.

That philosophy turned C K Enterprises Inc. from one man and a mixing tank to a 133,000 square foot campus, employing over 350 people across the United States, blending around 100,000 lbs of chemicals every week, and printing over 2,000,000 labels per year.

COME TO CLEAN WITH US.

There's plenty of room and it always smells great.

SS SIGNATURE SERIES
CAR WASH PRODUCTS

A DIVERSE LINE OF HIGH-PERFORMING PRODUCTS DESIGNED TO FIT ANY CAR WASH SYSTEM.

We know there's more than one way to get to Clean. That's why we've developed a flexible product line that increases your revenue and customer loyalty without adding multiple steps to your process.

With us, you're in the driver's seat. And while you're busy driving, we're sitting shotgun, focused on one thing: making high-quality car wash products.

IF YOU WANT THE NEEDLE, BURN THE HAYSTACK.

You've seen it before—that one neighbor whose car always looks shinier than everybody else's—as if they use some special shiny secret.

Look no further. Now you can have the confidence to go toe-to-toe with them. Inferno Extreme Shine uses a carnauba wax that produces a rich foam, leaving your vehicle with a long-lasting, protective shine.

Shine bright with Inferno.

EXTREME SHINE

WITH CARNAUBA

SS SIGNATURE SERIES
CAR WASH PRODUCTS

THIS IS ABOUT YOUR PROCESS, NOT OURS.

We designed the Boss Process by taking proven steps to make sure your vehicles are thoroughly cleaned and prepped. Our most advanced finishing products are layered to create a clean, shiny, and protected surface that will withstand the elements, repelling dirt, dust, & grime.

Boss Clean provides a complete cleaning of surface contaminants with a specially formulated Low pH cleaning product. This step neutralizes the pre-soak and prepares the vehicle surface for the next step.

RECOMMENDED PRODUCTS:

Bolt 1651
Bolt Plus 1652
Supersonic 1071

Boss Prep prepares your vehicle surface for proper adhesion of the sealants and protectants applied later in the process.

RECOMMENDED PRODUCTS:

Sudz 2157
Bolt 1651
Bolt Plus 1652
Supersonic 1071

Boss Shine provides a true caranuba wax which creates a long-lasting extreme shine.

RECOMMENDED PRODUCTS:

Inferno Extreme Shine 6955

STEP 3:

FOAM
FLUSH

Boss Foam Flush process clears any remaining foam left on your vehicle from the various foaming products used throughout the wash.

RECOMMENDED PRODUCTS:
Dissolve 4603

5

STEP 4:

CERAMIC

TurboShine is a next level ceramic technology that creates a smooth and polished surface which provides a truly deep shine. TurboShine also creates a hydrophobic layer which assists in resisting surface contaminants.

RECOMMENDED PRODUCTS:
TurboShine 6969

6

STEP 5:

REPEL

Boss Repel utilizes Xcel total surface protectant and provides a layer of rain repellent protection you can trust for improved visibility in harsh conditions.

RECOMMENDED PRODUCTS:
Xcel 5441
Xcel Plus 5443

7

STEP 7:

SEAL

Boss Seal uses the Reflection Clearcoat Shine product to seal the car from harmful elements that destroy the clearcoat surfaces of the vehicle while creating a fantastic shine.

RECOMMENDED PRODUCTS:
Reflection 4453
Reflection Plus 4456
Apple Inferno Hot Wax 6953

IF YOU LOVE SOMETHING, PROTECT IT.

Wet weather and harsh environments are the enemies of your vehicle's paint. Xcel not only protects your vehicle but also gives you a boost of confidence when visibility is compromised by rain, snow, or dirt. For when you need to keep your car protected, there is nothing better than Xcel.

Want to shine your logo onto your customer's vehicle as they go through your wash? Well now you can with the Reaction Projector.

MORE THAN CLEAN.

1

HIGH-QUALITY.

The Signature Series line was designed to provide the cleanest, driest and shiniest vehicle possible. That's always been the most important thing to us.

2

COST-EFFECTIVE.

Working with your processes in mind, we match quality chemicals with a cost-effective solution based on your unique situation.

A photograph of a car being washed in a car wash tunnel. The car is covered in water and soap suds. The scene is lit with blue and purple lights. Large white numbers '3' and '4' are overlaid on the bottom left and right of the image respectively.

3

ALWAYS SAFE.

From testing each raw material upon arrival to weighing all ingredients before a batch is blended and sent out the door, our quality control checks are one of the most regulated things we do.

4

VERY EFFICIENT.

From the time your order is placed up until your order arrives, you will receive a prompt and courteous response to every question and concern you may have.

WHY CUT CORNERS? IT'S MORE FUN TO HUG THEM.

Reflection isn't like other protectants. It's the experience of perfecting your car's appearance. It helps prevent water, dirt, and grime from building up on your paint. With regular applications our special polymer formula will make your paint look as good at the end of your vehicles life as it did when you first drove it off the lot!

LOOKS GREAT ON PAPER, BETTER IN REAL LIFE.

TurboShine is packed with next-level ceramic technology that creates a smooth and polished vehicle surface with the deepest shine. The ceramic coating makes it harder for dirt, bugs, and other soils to adhere to the vehicle surface. Also, TurboShine produces a hydrophobic vehicle surface that beads water right off.

SS SIGNATURE SERIES
CAR WASH PRODUCTS

NO MORE MESS.

The SCUBA System is our car wash chemical dispensing system that saves you time and money. No more manual mixing, heavy lifting. No more wasting chemicals. No more wasting time and money.

Our specialized SCUBA ready chemicals are concentrated, promoting safe handling and ease of delivery, installation, and storage. Drums and pails are bulky, making them difficult to move. This means no more triple-washing drums, and no more leaving containers outside for pickup. SCUBA units are not only a fraction of the size, and with the optional wall mount, no floor space is required.

NO WASTED CHEMICALS.

This system allows you to use 100% of the chemicals. It concentrates each product saving you time and money.

NO MESS, NO HEAVY LIFTING.

The SCUBA tanks are easy to lift and move, opening up valuable storage space usually taken by large drums. With the optional wall mount, no floor space is required.

SAVE MONEY AND TIME.

With the SCUBA System, only the concentrated product is delivered, saving you time and money.

MADE IN THE
USA
