DIVISIONS OF CK ENTERPRISES, INC.

C K Enterprises, Inc. Tel: (816) 524-1304
1992 NW HWY 50 Fax: (816) 524-3260
Lone Jack, MO 64070 Web: www.ckcarcare.com

t C K, we believe Clean is a destination.

Every product we make and every person we employ understands that no matter the mess, we've got a product that can clean it. For us, Clean is the place where everyone wants to be.

Luckily our founder, Charlie Kunkel III, discovered how to get there over 40 years ago. And he's been guiding others to the promised land ever since.

Whether it's through private labeling our products, offering quality car wash soaps and detergents, cleaning food plants, or printing labels, signs, and marketing materials, Charlie has always tried to do things one way: **right.**

From the beginning, he's put his people first, believing that the way you treat people is the only true thing that matters.

That philosophy turned C K Enterprises Inc. from one man and a mixing tank to a 133,000 square foot campus, employing over 350 people across the United States, blending around 100,000 lbs of chemicals every week, and printing over 2,000,000 labels per year.

COME TO CLEAN WITH US.

There's plenty of room (and it always smells great).

CK Enterprises Inc.

A DIVERSE LINE OF HIGH-PERFORMING PRODUCTS DESIGNED TO FIT ANY CAR WASH SYSTEM.

We know there's more than one way to get to Clean. That's why we've developed a flexible product line that increases your revenue and customer loyalty without adding multiple steps to your process.

With us, you're in the driver's seat. And while you're busy driving, we're sitting shotgun, focused on one thing: making high-quality car wash products.

THIS IS ABOUT YOUR PROCESS, NOT OURS.

We designed the Boss Process by taking proven steps to make sure your vehicles are thoroughly cleaned and prepped. Our most advanced finishing products are layered to create a clean, shiny, and protected surface that will withstand the elements, repelling dirt, dust, & grime.

#6969 TURBOSHINE W/ CERAMIC

CERAMIC PROTECTION

TurboShine is packed with next-level ceramic technology that creates a smooth and polished vehicle surface with the deepest shine. The ceramic coating makes it harder for dirt, bugs, and other soils to adhere to the vehicle surface. Also, TurboShine produces a hydrophobic vehicle surface that beads water right off.

IF YOU WANT THE NEEDLE, BURN THE HAYSTACK.

You've seen it before—that one neighbor whose car always looks shinier than everybody else's—as if they use some special shiny secret.

Look no further. Now you can have the confidence to go toe-to-toe with them. Inferno Extreme Shine uses a carnauba wax that produces a rich foam, leaving your vehicle with a long-lasting, protective shine.

Shine bright with Inferno.

NO MORE MESS.

The SCUBA System is our car wash chemical dispensing system that saves you time and money. No more manual mixing, heavy lifting or triple washing drums. No more wasting chemicals. No more wasting time and money.

Our specialized SCUBA ready chemicals are concentrated, promoting safe handling and ease of delivery, installation and storage. Drums and pails are bulky, making them difficult to move. This means no more triple-washing drums, and no more leaving containers outside for pickup. SCUBA units are not only a fraction of the size, but with the optional wall mount, no floor space is required.

NO WASTED CHEMICALS.

This system allows you to use 100% of the chemicals. It concentrates each product saving you time and money.

NO MESS, NO HEAVY LIFTING.

The S.C.U.B.A. tanks are easy to lift and move, opening up valuable storage space usually taken by large drums. With the optional wall mount, no floor space is required.

SAVE MONEY AND TIME.

With the SCUBA System, only the concentrated product is delivered, saving you time and money.
